Dear Miss Holmes,

I am pleased to be able to tell you that the Examiners have unanimously found in favour of the pedigree and accordingly the Chapter of the College of Arms have ordered that it be entered in the official Records of the College. This has now been done.

You will probably wish to have a certified extraction of this pedigree from the Records, and I should be pleased to ascertain the costs for you, should you so wish. The extraction could be done immediately.

With all good wishes for Christmas and the New Year,

Yours sincerely,

Conrad Swan
